

U-C COATINGS CORPORATION

The premier manufacturer of water based coatings for the forest products industry, worldwide

BATES[®]

Protective Release Coatings

Silicone-Free Coatings For Gluing Equipment And Paint Spray Booths

Keep equipment clean,
every day

Stop stubborn build-up
of glues and resins

Use BATES[®] Protective Release Coatings

- Provide temporary protection in production and finishing areas
 - Saves expensive labor time for clean up
 - Easily sprayed on, brushed on, or rolled on.
 - Water-based • no silicones • no HAPS

Try It Before You Buy It

All of U-C Coatings' products are available on a sample basis to allow you to test their effectiveness in your operation.
